Due to increasing cases of sexual abuse, gender-based violence, misogyny and transphobia, women and marginalised genders *still* do not feel safe walking/cycling after dark, and many feel increasingly unsafe. Which is exactly why we need as many of you as possible to join this critical mass ride! Expect feminist bangers from our bike speaker, light up your bikes and let's take up space! All cycling abilities welcome, as well as children with a responsible adult.
This event is for those identifying as women/non-binary/trans.
